

Hi everybody!!

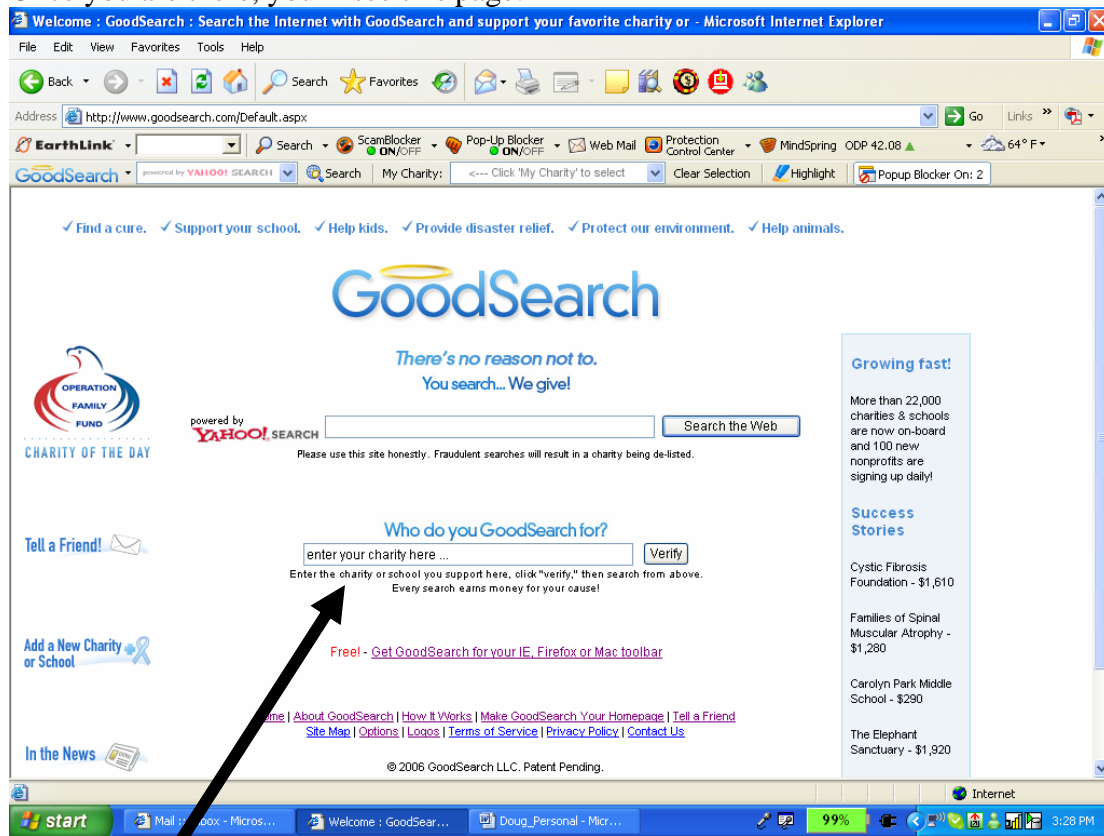

Let me introduce you to: 

Based on last night's meeting, we decided that using GOODSEARCH as a means to raise a little cash, so I wanted to send everyone instructions on how to use the site.

It is simple to do and you should share with family and friends, the more people we have searching for our cause, the more money we raise. The funds are paid out yearly, in Jan for the previous 12 month period.

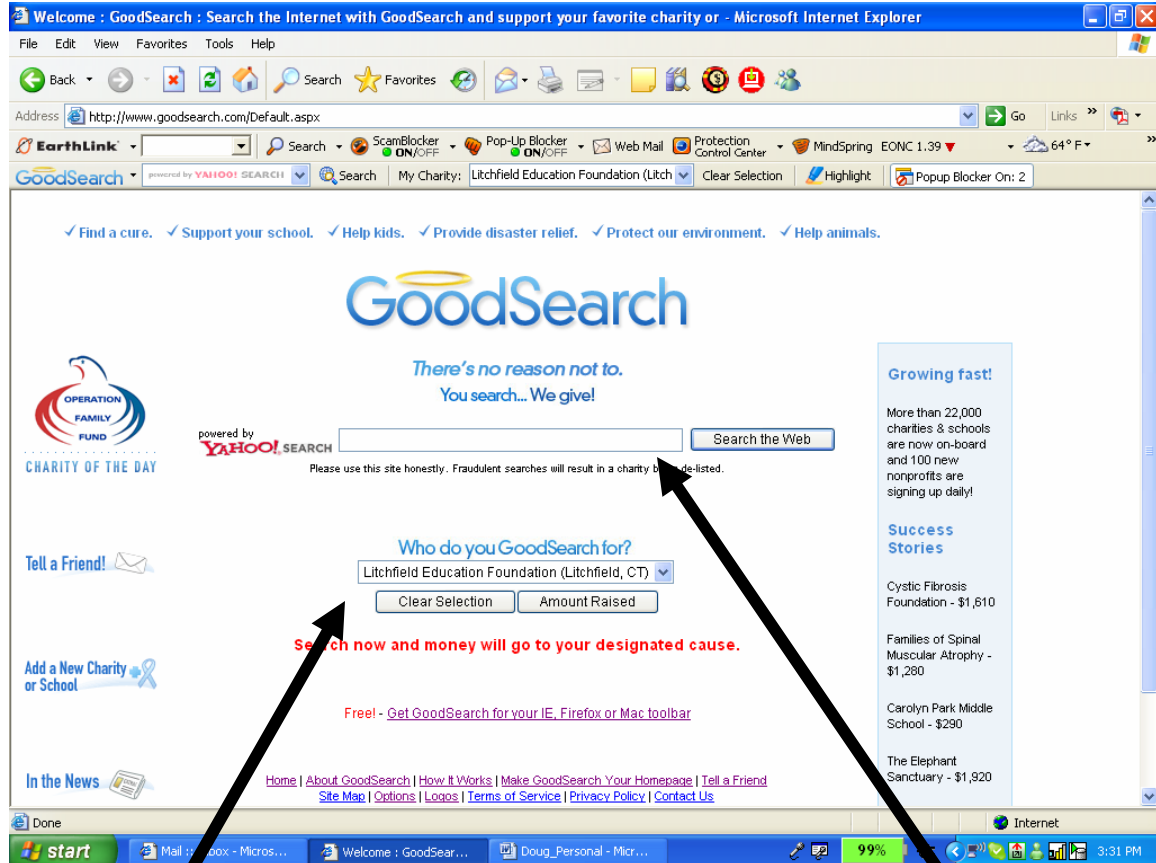

First, visit www.goodsearch.com

Once you are there, you'll see this page:

Type **LITCHFIELD EDUCATION FOUNDATION** in this field and then select **VERIFY**.

You'll then see this screen:

You'll now see our foundation listed here and you are good to search.....

Then you can simply type in what you are searching for in the SEARCH field, press SEARCH THE WEB and we are off to earning money for the LEF....

You can also download a search toolbar for your browser as a reminder to use as a default search engine.

Feel free to send these instructions to family and friends.....

Direct your questions to me at doug@guy-consulting.com

Thanks
Doug G
